Note: The CHEMTREC phone number is only for emergencies involving spills, leaks, fire, exposure or accident. Please direct all other inquiries to our customer service phone number.

### Section I - Product Identification

A solution of crystal violet (gentian violet) in methyl alcohol.

### Section II - Hazards Identification

**Danger:** Highly flammable liquid and vapor. Keep away from heat, sparks, open flames and hot surfaces. No smoking. Keep container tightly closed. Use only non-sparking tools. Take precautions against static discharge. Wear protective clothes and eye protection. In case of skin contact immediately remove all contaminated clothing. Rinse with water or shower. In case of fire, use fire extinguishers approved for alcohol fires.

#### Safety Ratings

**Health:** Hazardous    **Flammability:** Extremely flammable liquid and vapor    **Reactivity:** Slight    **Contact:** Slight

Recommended safety equipment: safety goggles, lab coat and proper gloves

**Storage:** Store in a well ventilated, cool place.

#### NFPA Ratings

Health = 2    Flammability = 4    Reactivity = 1

#### Potential Health Effects

Methanol is a cumulative poison and death has been reported for ingestion of less than 30 milliliters. Causes CNS depression, headache, intoxication, dilation of the pupils, convulsions nausea, and dizziness. Unconsciousness and death may result. Methanol intoxication may produce visual disturbances and blindness.

**Inhalation:** Alcohols are absorbed through the mucous membranes and will produce irritation as well as the same effects as ingestion.

**Ingestion:** Inhalation will produce CNS disturbance, dizziness, photophobia, headache, stupor, coma and death.

**Skin contact:** Alcohols are absorbed through the skin. Repeated contact causes defatting of the skin with resultant irritation and flaking.

**Eye contact:** May be irritating

**Chronic Exposure:** Unknown

**Aggravation of preexisting conditions:** Impaired kidney and liver function may be aggravated by exposure to alcohols. Preexisting eye, skin, and respiratory conditions may also be aggravated. Methanol has shown genetic toxicity in some animals.

### Section III - Composition/Information on Components

Ingredients	CAS#	OSHA PeI	ACGIH TLV	Other Limits	%
Crystal violet	548-62-9	not applicable	not applicable		2% w/v
Methyl alcohol	67-56-1	200 ppm (TWA)	200 ppm (TWA)		98% v/v

### Section IV - First Aid Measures

**Inhalation:** Remove from source of exposure and get medical attention for any breathing difficulty.

**Ingestion:** Do not induce vomiting if patient is unconscious or extremely drowsy. Otherwise, administer 2 glasses of water and induce vomiting. Get immediate medical attention even if symptoms improve.

**Skin Contact:** In case of skin contact, remove contaminated clothing and flush with water. Wash affected area with soap and water. Get medical advice if irritation develops.

**Eye Contact:** In case of eye contact, flush with water for at least 15 minutes and get medical attention.

---

## Section V - Fire Fighting Measures

*Flash point:* 57 °F (14 °C) TCC

*Flammable Limits:* LEL 6% UEL 36%

*Fire:* Water is ineffective against alcohol fires but may be used to cool adjacent containers.

*Fire Extinguishing Media:* Alcohol foam, carbon dioxide or dry chemical.

*Special information:* Pyrolysis will release toxic carbon monoxide.

---

## Section VI - Accidental Release Measures

Remove all sources of ignition, absorb with a suitable absorbent (such as paper towels) and dispose.

---

## Section VII - Handling and Storage

Store in a cool, well ventilated place. Store in a closed container, away from open flames or other sources of ignition.

---

## Section VIII - Exposure Control/Personal Protection

*Airborne Exposure Limits:* See section III.

*Ventilation System:* Usually not required. When required, Refer to the ACGIH document, "Industrial Ventilation, a Manual of Recommended Practices" for details about ventilation.

*Personal Respirator:* Usually not required. In case of emergency, or when exposure levels are unknown, use a positive pressure, full face piece, air supplied respirator.

*Skin protection:* Protective gloves are not required but recommended as part of good laboratory practice.

*Eye Protection:* Laboratory safety goggles or similar products are not required but recommended as part of good laboratory practice.

---

## Section IX - Physical and Chemical Properties

*Boiling Point:* 66 °C (151 °F)

*Vapor pressure (mm Hg):* 98 @ 20 °C

*Vapor Density (air = 1):* 1.1

*Appearance and Odor:* An opaque purple liquid with the Characteristic odor of methyl alcohol.

*Density:* 0.80 g/ml

*Evaporation Rate (Alcohol = 1):* 1

*Solubility:* Infinitely miscible with water

---

## Section X - Stability and Reactivity

*Stability:* Stable.

*Hazardous Decomposition Products:* Nothing unusual.

*Hazardous polymerization:* Will not occur.

*Incompatibilities:* Oxidizers.

*Conditions to avoid:* heat, flame and sources of ignition.

---

## Section XI - Toxicological Information

Cancer lists

<u>Ingredient</u>	<u>Known Carcinogenicity?</u>	<u>Anticipated?</u>	<u>IARC Category</u>
Crystal violet	no	no	none
Methanol	no	no	none

---

## Section XII - Ecological Information

*Environmental Fate:* Biodegradable

*Environmental Toxicity:* None expected

Methanol evaporates quickly and is not expected to bioaccumulate. The material is removed from the air by dry and liquid adsorption. The half-life for methanol in the atmosphere is one to ten days.

---

## Section XIII - Disposal Considerations

Not normally restricted but local governments may restrict the amounts of alcohol that may be flushed down the drain.

Dispose of contents and container in accord with all applicable regulations.

---

**Section XIV - Transportation Information**

DOT Shipping name: Methyl alcohol

Hazard Class: 3

Packing Group: II

DOT Hazard Label: Flammable liquid

DOT Identification Number: UN 1230

Bottles smaller than 32 Fl. Oz. are eligible to be shipped under ORM-D or limited quantity exemptions [49 CFR section 173.150(b)(2) and 173.150(C)].

---

**Section XV - Regulatory Information**

Chemical Inventory Status

<u>Ingredient</u>	<u>TSCA</u>	<u>EC</u>
Crystal Violet	Yes	Yes
Methanol	Yes	Yes

**Federal, State and International Regulations**

---

<u>Ingredient</u>	<u>SARA 302</u>		<u>SARA 313</u>		<u>RCRA</u>	<u>TSCA</u>	<u>Ca. Prop 65</u>
	<u>RQ</u>	<u>TPQ</u>	<u>List</u>	<u>Category</u>	<u>261.33</u>	<u>8(D)</u>	
Methanol	No	No	Yes	No	U154	No	Yes
Crystal Violet	No	No	No	No	No	No	No

Chemical Weapons Convention: No TSCA 12(b): No CDTA: Yes

SARA 311/312: Acute: Yes, Chronic: Yes
